Stanford Business School Survey of Winery Owners

Name of respondent:
Title and Winery Name:
Please provide current responses to the questions if your views have changed over time.
1. How often does your winery provide activities or a site for entertaining (either individually or in groups)?
a) members of the wine community? (e.g growers, producers, buyers, service providers)
at least several times a week several times a month once a month several times a year once a year never b) on behalf of local groups or non-profit organizations? at least several times a week several times a month once a month several times a year once a year never
c) non-wine related business associates? (e.g. business lunches, meetings, events)
at least several times a week several times a month once a month several times a year once a year never

2. Suppose that someone develops an innovation that would significantly improve the quality of the wines that you produce but is so costly you would lose money by purchasing the innovation. (*The price of the innovation is greater than the improvement in wine quality is worth in the marketplace.*) How much money would you be willing to lose on the investment in order to significantly improve the quality of your wines?

None between \$1 and \$10,000 between \$10,000 and \$100,000 between \$100,000 and \$1,000,000 more than \$1,000,000

3. Suppose you were offered a fair market value for your vineyard in cash and you knew you could earn a higher rate of return in the stock market. How likely is it that you would sell?

Very likely somewhat likely neither likely nor unlikely

somewhat unlikely very unlikely 4. Approximately what percentage of your wines are named after your family? Less than 10% 10%-25% 26%-50% 51%-75% 75%-99% 100% 5. If your income or revenue from non-winery resources were suddenly bigger (times 10, for example) how much additional investment or improvements to your winery would you undertake? significant additional investment or improvement some additional investment or improvement a little additional investment or improvement additional resources would have no effect on winery investment or improvement 6. Which category below best reflects the percentage of your socializing in the last six months that has been with "wine people" and wine-related people? none less than 10% 10%-25% 26%-50% 51%-75% 75%-99% 100% 7. How long have you or your family owned your winery? ______ years 8. What are your financial goals for your winery? a) cover costs b) cover costs and earn some profit If you answered b), do you have a rate of return in mind? If so, what rate of return are you happy achieving? 9. Sometimes people have non-financial motives for owning a winery. Circle any of the following non-financial motives that are important to you. lifestyle associated with owning a vineyard

10. How important is it to you that your winery continue to be owned by a member of your family?

Are there any other important reasons why you own your vineyard? _____

being part of the wine community

love of wine

entertaining for non-wine-related business

very important somewhat important not very important completely unimportant

11. How would you characterize the importance of your winery's profits? Profits from your winery are?

your most important source of family income a significant source of family income part of family income a small part of family income do not contribute to family income

12. We would now like you to briefly consider what it means to be a superior winery. Please evaluate the following wineries on a 10 point scale as to how well each meets your definition of a superior winery, where a '1' denotes a poor or inferior winery and a 10 denotes an outstanding or superior winery.

Gallo?									
poor				average				superior	
1	2	3	4	5	6	7	8	9	10
Monday	vi?			avaraga				superior	
poor 1	2	3	4	average 5	6	7	8	9	10
Beringe poor	er? 2	3	4	average	6	7	8	superior	10
Sutter Hill? poor average superior									
1	2	3	4	5	6	7	8	9	10

- 13. If your views on the above questions particularly questions 8 and 9 -- have changed significantly over the time you have owned your winery, please let us know how (with approximate dates).
- 14. Would you like to receive a comparison of your survey responses to those of your peers in the industry? Yes No
